FACTS AND SPECIFIC ACHIEVEMENTS: I have observed the duty performance of Sgt Reaves since 10 May 1975. During this period, I have found him to be an outstanding person. He was assigned to Tiger Flight due to the phase down of his unit and additionally has been a Security Police augmentor since his arrival at Udorn RTAFB. His enthusiastic approach to the duties assigned to an augmentor was noticed immediately. He continually volunteered to remain after duty to receive training in the many varied vehicles associated with Air Base Defense. This fact aided immeasurably in the posting and relieving of approximately 400 sentries during the tour of duty. He gained a professional knowledge of Security Alert Team and Quick Reaction Team employment and deployment procedures and as a result was assigned as a leader of these highly qualified units. His accomplishments during this reporting period have been numerous and completely outstanding. I consider him to be as qualified as any Security Policeman on the flight.

STRENGTHS: Sgt Reaves is without a doubt one of the most dedicated individuals that I have been associated with in 13 years in the service. He needs no supervision. His performance is dependable; just brief him and turn him loose. The job will be accomplished. His enthusiasm and loyalty have been refreshing for the entire flight.

OTHER COMMENTS: Although not trained in formal Security Police schools, he has demonstrated sound managerial and supervisory techniques. Through these facilities, he has supervised his personnel with fair and impartial contact.
