

Merry Christmas VSPA

I received a recent suggestion for a "special" Christmas/Holiday issue of Guardmount 2023, like one that was done several years ago. So, this year I created another special issue for everyone's enjoyment. This issue draws some things from the issue published in 2014 and adds some new material. You might look upon this issue as a multi-page Christmas/Holiday greeting card that reflects on how we and others celebrated the holidays while In-Country.

Mike Kennedy,
VSPA Guardmount Editor
